Dear Pastor, Staff and Administrators,

First, we would like to acknowledge the role of you and your organization in serving this community by helping our many citizens in need.

As Pastor(s) and individual(s) who have dedicated your life to serving others and your community, we are confident you are always interested in knowing about organizations that offer other types of services that can support and assist your membership and constituents.

The I.P. Hunt Foundation (IPHF) is a 35 year old community improvement and education organization that is very much concerned with the health and well-being of our underprivileged and disadvantaged workers in productive working neighborhoods.

Based upon these concerns, IPHF has established the American Employees Association (AEA). Similar to AARP for seniors, AEA was created specifically to assist under-served Workers and Independent Small Businesses such as Cosmetology, Beauty, Barber, Laundry, Dry Cleaners, Shoe Repair, Nail Salons, etc.

We are attempting to reach out to Churches, Private Individuals, Community Institutions, Concerned Groups and Neighborhood Organizations *for support for our efforts to provide affordable benefit programs for low-income working families and small business owners.*

AEA membership demonstrates support and confirms concern for the plight of uninsured working families and independent business owners.

The following links are to *Fliers and other e-materials* to help make your constituents aware of and better understand our important service. Especially, just how they can support and assist our project by joining and becoming a member AEA for *only \$5.00 per month.*

Below is our Facebook link and email message that can be forwarded to *your members* and supporters.
